Even today, in North Korea, it is difficult to see a single street lamp or a moving car outside of Pyongyang.

Team
Leader

We've
found them.

Alright,
make sure to
keep your distance.
Let's notch up the
pace here, we need
to get out of here
before day-
break.

So it's not too difficult to find
something in the middle of the forest.

Wow,
you take
point.
We're
moving.

I just found it weird that they actually tried to chase them.

Finding and chasing
are two different things.

70

The year of 2013, Korea, Republic of.

ART-WRITING KIM JAE-HEE

Despite my old health failing me, I was certain of one thing.

We were definitely getting closer to the canopy.

By the time the morning arrived the town
I thought it was all over, but it wasn't.

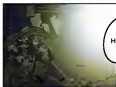

Don't worry, there won't be much difference between an urban area and the forest. We're moving forward.

So had a plan. What's so easy about wandering around a street that doesn't even have a single street lamp?

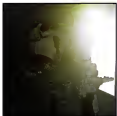

However, nothing ever goes exactly as planned...

Huh?

Shit...

Hm?

Fireflies?

Yu-jin,
come quickly!
We're watching the
tape that Mr. Song
brought!

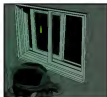

I'm
coming!

Fuh...!

That
was close.
Let's go.

INFINITY-

PS: Reference to "Infinity Challenge" is popular South Korean reality show. This means that North Koreans are secretly watching South Korean media.

The convoy moved towards a
base located behind the town.

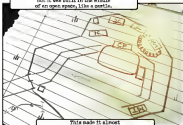

Fortunately we were able to
survey the base from a nearby hill.

The security wasn't too tight...

but it was built in the middle
of an open space, like a pentagon.

This made it almost
impossible for us to sneak into.

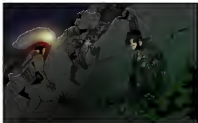

Park spoke as I was busy
worrying about what to do next.

Get
ready to run
and wait for
my go.

Surprisingly, the security did become
looser as the security changed guard.

At that moment, we managed to
enter the battalion base.

There should be an electricity generator behind that building.

Gam, take Suh and capture it. Stay there and wait for my orders.

Please wait here.

After saying that, the Team Leader took Gam and disappeared into the dark.

Move to the
main entrance.

"DM,
secure the
hallway."

*DM (aka. grated Markman) Refer to chapter 8,
where Jacob Hloa is referred to as a
Designated Markman.

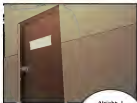

Ugh,
why am I
"PT?"

*PT (Point man, refer
to chapter 1)

If you
don't like
it, you be
the team
leader.

Alright, I think that's where our package is. Awaiting orders

Good, everyone stack up and wait for my go.

Door's unlocked

Okay, how are things down there Gem?

Area's secured sir,
just waiting
for your orders.

Simple
but I'm not
up on my
game?

OHAY!

Alright,
everybody
give me a
SITREP!

NUMBER 1
I'M UP.

NUMBER 3
I'M UP!

NUMBER 4
ALL CLEAR

Alright,
number 2
is up. Let's
secure our
package

Why the hell are you assholes so late? Get me out of this thing.

I have some valuable intel so you better... Kik?!

Ugh...

Voice, appearance: it's all a match. What's your take on him, sir?

Alright, package secured. Let's get the hell out of here.
